Good morning Debbie:

Just touching base to let you know that we are ready on our end to go forward with the internal process. The revised documents submitted are fine, except for the 424A Budget Summary. Since the travel costs are for the technical advisor, the \$1,400 should be moved from the Travel category to the Contractual category. All costs for the technical advisor need to be in the Contractual category, which would total \$49,650.

David and I will be working together to ensure that we get everything done in an expedited manner in order to ensure we meet the project start date deadline.

Wanda Ayala
